

Graphic Innovations

Optically Clear
Digital Printing Film

ORAJET® 3952F

Extremely clear colorful advertising
for decorative architectural glass and
window applications.

New **ORAJET® 3952F** allows designs to come to life, while maintaining the highest amount of optical clarity when applied to architectural glass. The printed window graphics can be installed in full sheets, making installations faster and easier than ever. The unprinted areas of ORAJET® 3952F film are so optically clear, that it's hard to even notice there is a film applied to the glass.

Protect and enrich printed images with the new **ORAGUARD® 252F**
Enhanced Optically Clear Premium Cast over-laminate.
